Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$2,000 per individual on individual plan (\$2,600 per individual plan on a family plan) / \$4,000 per family for <u>participating providers</u> . \$4,000 per individual / \$8,000 per family for <u>non-participating providers</u> . For individual coverage, the individual <u>deductible</u> must be met before the enrollee can receive benefits for covered services. For individual on family coverage, enrollee can receive benefits for covered services once individual <u>deductible</u> is met. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your deductible?	Yes. <u>Preventive care</u> and other services listed in your complete terms of coverage. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the out-of-pocket limit?	<u>Copayments</u> for certain services, <u>premiums</u> , <u>balance billing</u> charges, and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
